Collaborations	
Funding	
Funding status	Private
Details	AstraZeneca
Governance of the database	
Sponsor(s) or organisation(s) responsible	ASTRAZENECA
Organisation status	Private
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Not-repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	A selection of health institutions and services
Database recruitment is made on the basis of:	Medication(s) taken
Database recruitment is carried out as part of an interventional study	No
Additional information regarding sample selection.	The physicians participating in the study recruit the subjects to be included among the patients that they see in consultation and according to the inclusion criteria
Database objective	
Main objective	To describe utilisation of newly prescribed statins in French primary care
Inclusion criteria	Any patient for whom a treatment with statin was initiated for at least 3 months and less than 6 months
Population type	

Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years) Elderly (65 to 79 years) Great age (80 years and more)
Population covered	Sick population
Gender	Male Woman
Geography area	National
Detail of the geography area	France
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	2008
Date of last collection (YYYY or MM/YYYY)	2009
Size of the database	
Size of the database (number of individuals)	[1000-10 000[individuals
Details of the number of individuals	2100
Data	
Database activity	Data collection completed
Type of data collected	Clinical data Biological data Administrative data
Clinical data (detail)	Medical registration
Biological data (detail)	* Existence of one or more lipid levels and results since the beginning of the treatment* Other biological dosages since the beginning of the treatment: Transaminases, CPK
Administrative data (detail)	Age, gender
Presence of a biobank	No

Health parameters studied	Health care consumption and services
Care consumption (detail)	Medicines consumption
Procedures	
Participant monitoring	No
Links to administrative sources	No
Promotion and access	
Promotion	
Access	
Terms of data access (charter for data provision, format of data, availability delay)	Publication ESC 2010 congress poster
Access to aggregated data	Access on specific project only
Access to individual data	Access on specific project only
