

EXTRA - Observatoire sur la fréquence des manifestations EXTRA-articulaires et plus particulièrement de l'uvéite chez les patients présentant une spondylarthropathie et suivis en consultation de rhumatologie

Head :Thibout Emmanuel

Last update : 01/01/2020 | Version : 2 | ID : 105

General	
Identification	
Detailed name	Observatoire sur la fréquence des manifestations EXTRA-articulaires et plus particulièrement de l'uvéite chez les patients présentant une spondylarthropathie et suivis en consultation de rhumatologie
Sign or acronym	EXTRA
CNIL registration number, number and date of CPP agreement, AFSSAPS (French Health Products Safety Agency) authorisation	908180
General Aspects	
Medical area	Rheumatology
Keywords	liberal rheumatology
Scientific investigator(s) (Contact)	
Name of the director	Thibout
Surname	Emmanuel
Phone	+33 (0)1 45 60 13 69
Email	emmanuel.thibout@abbott.com
Collaborations	
Funding	
Funding status	Private
Details	Abbott France

Governance of the database	
Sponsor(s) or organisation(s) responsible	Abbott
Organisation status	Private
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Longitudinal study (except cohorts)
Database recruitment is carried out by an intermediary	A selection of health care professionals
Database recruitment is carried out as part of an interventional study	No
Additional information regarding sample selection.	A maximum of 5 consecutive patients per 350 randomly-drawn rheumatologists
Database objective	
Main objective	Evaluation of the frequency of extra-articular manifestations and more specifically of uveitis in patients with a spondylarthropathy
Inclusion criteria	Patients suffering from a spondylarthropathy
Population type	
Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years)
Population covered	Sick population
Gender	Male Woman
Geography area	National
Detail of the geography area	National
Data collection	

Dates

Date of first collection (YYYY or MM/YYYY)	2008
--	------

Date of last collection (YYYY or MM/YYYY)	2010
---	------

Size of the database

Size of the database (number of individuals)	[500-1000[individuals
--	------------------------

Details of the number of individuals	900
--------------------------------------	-----

Data

Database activity	Data collection completed
-------------------	---------------------------

Type of data collected	Clinical data Declarative data Paraclinical data Biological data Administrative data
------------------------	--

Clinical data (detail)	Direct physical measures
------------------------	--------------------------

Declarative data (detail)	Paper self-questionnaire
---------------------------	--------------------------

Paraclinical data (detail)	Radiological sacroiliitis
----------------------------	---------------------------

Biological data (detail)	HLA B27 antigen
--------------------------	-----------------

Administrative data (detail)	sociodemographic characteristics
------------------------------	----------------------------------

Presence of a biobank	No
-----------------------	----

Health parameters studied	Health event/morbidity
---------------------------	------------------------

Procedures

Data collection method	liberal rheumatology
------------------------	----------------------

Classifications used	CIM 10
----------------------	--------

Participant monitoring	No
------------------------	----

Links to administrative sources	No
---------------------------------	----
