Collaborations

Funding

Funding status	Private
Details	PFIZER / NOVARTIS CHIRON
Governance of the database	
Sponsor(s) or organisation(s) responsible	Institut National de la Santé et de la Recherche Médicale
Organisation status	Public
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Cohort study
Database recruitment is carried out by an intermediary	A population file
Database recruitment is carried out as part of an interventional study	No
Additional information regarding sample selection.	Prospective
Database objective	
Main objective	General objective: to observe the risks for a cohort of persons registered with the Independent National Social Security Fund for Mines in Northern France.
Inclusion criteria	All individuals registered with the Independent National Social Security Fund for Mines that have agreed to the usage of their medical data.
Population type	
Age	Adulthood (19 to 24 years) Adulthood (25 to 44 years) Adulthood (45 to 64 years) Elderly (65 to 79 years) Great age (80 years and more)
Population covered	General population
Gender	Male

Geography area	Regional
French regions covered by the database	Nord - Pas-de-Calais Picardie
Detail of the geography area	NORD PAS DE CALAIS
Data collection	
Dates	
Date of first collection (YYYY or MM/YYYY)	01/2000
Date of last collection (YYYY or MM/YYYY)	03/2009
Size of the database	
Size of the database (number of individuals)	Greater than 20 000 individuals
Details of the number of individuals	106 166
Data	
Database activity	Data collection completed
Type of data collected	Declarative data
Declarative data (detail)	Face to face interview
Presence of a biobank	No
Health parameters studied	Health event/morbidity Health event/mortality Health care consumption and services
Care consumption (detail)	Medicines consumption
Procedures	
Data collection method	Interview: manual input
Participant monitoring	Yes
Details on monitoring of participants	Follow-up duration: 8 years
Links to administrative sources	Yes

Linked administrative sources
