Surname	Valérie
Email	valerie.desmartin@ors-lr.org
Organization	CREAI-ORS LR
Name of the director	Ruiz

Surname	Inca
Email	inca.ruiz@ors-lr.org
Organization	CREAI-ORS LR
Collaborations	
Participation in projects, networks and consortia	No
Funding	
Funding status	Public
Details	Conseil régional du Languedoc-Roussillon
Governance of the database	
Sponsor(s) or organisation(s) responsible	CREAI-ORS LR
Organisation status	Public
Presence of scientific or steering committees	Yes
Additional contact	
Main features	
Type of database	
Type of database	Study databases
Study databases (details)	Repeated cross-sectional studies (except case control studies)
Database recruitment is carried out by an intermediary	An administrative base or a register
Base or register (detail)	Record of apprentices in 38 apprentice training centre (CFAs) and apprentice sections, Records of individuals enrolled in one of the 17 local missions participating, Record of students in 1st year of five university health services.
Database recruitment is is made on the basis of:	Another treatment or procedure
Database recruitment is carried	No

out as part of an interventional study

Database objective

Main objective	To perform an analysis of the situation, to add needs to the analysis and finally to aid in the decision. To illuminate: the social fragility that is very related to the level of qualification; the health experienced by youths in a region below the national average for populations of the same age; phenomena of different addictive practices according to the level of qualification; problems of access to food; worrisome indexes of unhappiness and suicidal thoughts. Comparison of results with a previous survey
Inclusion criteria	Apprentices: apprentices who have signed an apprenticeship contract on 1 January 2012 in one of the CFA requested for the survey (with a size greater than 50 apprentices outside of an apprenticeship section and CFAs connected to universities) Youth enrolled in one of the local missions of Languedoc-Roussillon Student enrolled in one of five universities in the Languedoc-Roussillon region: three in Montpellier, one in Nîmes and one in Perpignan

Population type

Age	Adolescence (13 to 18 years) Adulthood (19 to 24 years)
-----	--

Population covered	General population
--------------------	--------------------

Pathology

Gender	Male Woman
--------	---------------

Geography area	Regional
----------------	----------

French regions covered by the database	Languedoc-Roussillon Midi-Pyrénées
--	------------------------------------

Detail of the geography area	Languedoc-Roussillon
------------------------------	----------------------

Data collection

Dates

Date of first collection (YYYY or MM/YYYY)	2012
Date of last collection (YYYY or MM/YYYY)	2013
Size of the database	
Size of the database (number of individuals)	[1000-10 000[individuals
Details of the number of individuals	3420 (2012 study)
Data	
Database activity	Data collection completed
Type of data collected	Declarative data
Declarative data (detail)	Paper self-questionnaire
Details of collected declarative data	degrees prepared, sex, age, sector, studies, living in a couple, precarity, Social assistance and government benefits, monthly resources available, place of residence, Modes of transport and moves, health and use of care, Handicaps, Forfeiture of care, Family and social network and setting, Activities performed, Quality of life and self-esteem, ability to confront difficulties, suicide, stress, about the feeling of marginalisation or discrimination, Corpulence and dietary behaviours, addictive behaviours, Sexuality and contraception, non-consensual sexual relationships, violence, accidentology
Presence of a biobank	No
Health parameters studied	Health event/morbidity Health care consumption and services Quality of life/health perception
Care consumption (detail)	Hospitalization Medical/paramedical consultation Medicines consumption
Procedures	
Participant monitoring	No
Followed pathology	
Links to administrative sources	Yes

Linked administrative sources
(detail)

A request was made by ARML on 31 December 2011 providing, for each of the 17 local integration missions in the region, the distribution by age, sex and level of qualification. Database transmitted by the Regional Council for enrolments in an CFA (year 2012), The 2010 SISE database (data from the 2010-2011 return online on the Rectorat's website)
